## JACK VAN EYSSEN

Rotarian Jack was one of a kind. From the time that he became a member in 1972 of the PE South Rotary Club, and later on his becoming a member of the PE Rotary Club he evidenced an above average commitment to Rotary and its ideals. He was a Past President of the PE South Rotary Club. For his service to the community Jack was awarded a Paul Harris Fellowship in 1994. Subsequently he was twice awarded the Sapphire Pin for service. His friendly disposition won for him a multitude of friends. Throughout his business career he exemplified the qualities of a dedicated Rotarian, of truth, fairness, goodwill that are beneficial to all concerned. For many years he did all the printing for the Rotary Club of Port Elizabeth.

His commitment to Rotary was also evidenced in him maintaining 100% attendance at meetings while a Rotarian, 37 years in total. It is known that on one occasion while not feeling well he got out of his hospital bed, got dressed went to Rotary lunch, and went back to his hospital bed!.

The Rotary Club of Port Elizabeth (with the blessing of the family) would like to plant a tree, in Jack's memory, amongst trees planted in St George's Park, by Past Presidents of Rotary International and by Paul Harris.

Jack, we are going to miss your cheerful presence. Jack we salute you.

Our sympathy goes to his beloved Hester (Tickey) and his family.

Yours in Rotary

A handwritten signature in black ink, appearing to read "Sarel Steyn".
